

## **Provider Survey on Reimbursement Rates**

The Division of Developmental Disabilities (DDD) is required by statute to conduct a complete study, known as a rebase, of reimbursement rates paid to providers of home and community-based services (HCBS) once every five years. DDD together with our contractor, Navigant Consulting, Inc., is conducting this provider survey to capture actual costs incurred by each agency in delivering services for DDD members. The information collected in this survey will help inform the reimbursement rates.

The following services are included in the survey:

- Home and Community-Based Services including Specialized Habilitation
- Day Treatment and Training
- Supported Employment
- Developmental Homes
- Group Home Services
- Professional Services
- Transportation Services

Review the [Provider Survey Instructions](#) (PDF file), then complete the [Provider Cost Survey](#) (Excel file). Please complete the information related to your organization, the services you provide and costs associated with delivering those services.

If you have any questions about the survey, please email Navigant at [ArizonaDDDSurvey@navigant.com](mailto:ArizonaDDDSurvey@navigant.com). Or, plan to attend one of two scheduled webinars:

**Tuesday, May 8, 2018 2:00-4:00pm**
